DETAILED ACTION

Claim Rejections - 35 USC § 103

1. Claims 1, 3 and 8 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Voss et al. (US 5,114,554) in combination with Nonomura et al. (US 6,610,187 B2) and Kawai et al. (US 3,496,083), for reasons as of record.
2. Claims 4-6 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Voss '554 in combination with Nonomura '187 and Kawai '083 as applied to claims 1, 3 and 8 above, and further in view of Akram et al. (US 6,083,376), for reasons as of record.
3. Claim 7 stands rejected under 35 U.S.C. 103(a) as being unpatentable over Voss '554 in combination with Nonomura '187 and Kawai '083 as applied to claims 1, 3 and 8 above, and further in view of Austin (US 4,879,013), for reasons as of record.

Response to Arguments

4. Applicant's arguments filed 9 August 2007 have been fully considered but they are not persuasive because of the new ground of rejections as set forth in the paragraph above.

In response to Applicant's argument that Applicant's invention requires at least an

Art Unit: 1795

anode having a curved surface and the cited prior art, alone or in combination, fails to disclose, teach, or suggest at least a curved anode surface, the examiner finds this is unpersuasive. It's because as asserted by the examiner in the last Office action that it appears that Nonomura's anodes follow the outline of the of the vehicle body to be coated in approximately parallel manner and Kawai teaches in an electrodeposition coating process the provision of an electrode, opposite to the article to be coated (counter electrode, in the form of a U-shaped profile, the rejection to claims 1, 3 and 8 based on the combination of the references of Voss, Nonomura and Kawai is maintained.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

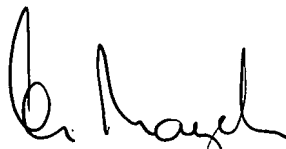

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
